## Data Illustrations

**1.** The following graph depicts the number of judicial appointments to Indian High Courts, along with the number of cases in which the government is involved as the defendant in the year 2018. This graph is made in Stata.

Year = 2018, dotted line = cases, solid line = appointments

2. The following graph depicts the number of grey-listed states by the Financial Action Task Force (FATF) from 2009 to 2019. This graph is made in Stata.

3. The following graph demonstrates the annual U.S. military aid figures to Tunisia and Algeria. This graph is made in Stata.

4. The following graph depicts Pakistan's administrative boundaries (level 2) using the official shapefiles provided by the government. This graph was made in R using the ggplot library.
